## **Report of the Board of Management 1941.**

TO THE GOVERNORS,

The Board of Management has pleasure in submitting to the Governors the One Hundred and Tenth Annual Report of the Infirmary.

The year under review has been one of continuous activity. The preparation of the Hospital and its Staff to meet sudden emergency has not eased the task of providing the maximum service possible for the patients in the area. The restriction of admissions in order to provide as large a pool of reserved beds as may be possible, has been a difficult problem but has, to some extent, been eased by an arrangement which has been entered into with the Huddersfield Corporation whereby patients whose medical or surgical condition permits may be transferred to St. Luke's Emergency Hospital for the continuation of their treatment under the same members of the Medical Staff who supervise the treatment in the Infirmary. Your Board is thus able to maintain a sufficient number of empty beds to deal with any sudden influx of casualties which might occur.

Since the last Report an Emergency Operating Theatre, situated on the ground floor, has been completed and tried out with satisfactory results. The latest addition to war equipment has been a Cleansing Unit for the decontamination of seriously injured and gassed patients and the necessary Staff trained for duty.

Grants have continued to be made by the Ministry of Health in respect of the reservation of beds for emergency and the treatment of Service sick and evacuees and these grants have been welcome in view of the higher standing costs which have had to be met. Certain outgoings, however, must be provided for from the receipts from the Ministry and for this purpose your Board has wisely decided to transfer £3,000 to a reserve account to meet contingencies.

Reference was made last year to the support which had been given to the Special Appeal which was issued for increased financial help for the period of the war and your Board is happy to record that many subscribers have maintained their support at an increased rate.

The Infirmary Blood Transfusion Service is continuing with its essential work in its own quiet way, and whilst public attention has mainly been focused on the extensive Regional Blood Transfusion and Collection Service, it in no way detracts from the great benefits which are going direct.

The number of motor accidents admitted shows a slight reduction as compared with the previous year and your Board would once more wish to thank the Huddersfield Law Society for the great help which has been given in obtaining payment for patients treated under the Road Traffic Act.

The coming year will present greater difficulties as, under instructions from the Ministry, the personnel of the Resident Medical Staff must be reduced in order that a greater number of doctors may be released for service with the Armed Forces. Every effort will be made to maintain an efficient service and in giving this assurance your Board earnestly asks the public to realise the major obstacles with which the Hospital is faced.

It was with very sincere regret that your Board learned of the death of Mr. P. F. Holmes, whose interest in the Hospital had been so unflagging for a long number of years. As President for nine years and a General Trustee, the benefits he administered will long be remembered. Another loss was suffered by the death of Mr. A. E. Halliday, who will be remembered by many as being Joint Collector for the Infirmary and the Victoria Nurses' Association since 1924. The long unselfish service which he gave was praiseworthy to a degree and his passing was most regrettable.

Before dealing with the various aspects of the Hospital work in detail, your Board wishes to emphasise the need for the continued support of all our friends and subscribers and to assure them of the earnest wish to maintain the high standard of service given by the Infirmary.

### WORK OF THE YEAR.

The number of patients treated in all Departments of the Infirmary was 33,519, an increase of 2,525 over the figure for 1940. In-patients totalled 4,215 and Out-patients 29,304. The number of beds equipped was 302, but of these an average of 297 was available owing to the closing of wards for infectious diseases. The average number of beds occupied daily was 187.88. In this connection it must be pointed out that of the total number of available beds an average of upwards of 100 have been permanently reserved for emergency. The average number of days each patient was resident was 16.26. Deaths occurring from all causes during the year totalled 283, but of this number 123 took place within 48 hours of admission. The percentage of deaths to the total number of In-patients was 6.7, but deducting those deaths occurring within 48 hours of admission the percentage was reduced to 3.7. During the year 464 patients were transferred under the arrangement to St. Luke's Emergency Hospital.

The Massage Department continues to record an increasing number of treatments, and during the year a total of 78,803 such treatments were given compared with 67,857 during the previous year. The number of patients passing through the Department

totalled 3,151 and the attendances numbered 57,704. The total number of specimens examined in the Pathological Department was 13,509 and the Pathologist conducted 91 post mortem examinations. In addition, under an arrangement entered into with the Dewsbury and District General Infirmary 591 specimens were examined by the Pathologist on behalf of that Hospital.

The following figures refer to cases admitted as a result of motor accidents :—

	1941	1940
Number of Motor Accident Cases .....	231	241
Cost of Treatment .....	£1,057	£1,086
Received towards cost of Treatment ...	£406	£836

Of the total receipts £400 was the amount received from Insurance Companies during the year.

## FINANCIAL.

### General.

The total income of £58,647 15s. 1d. exceeded the total expenditure of £55,677 6s. 6d. by £2,970 8s. 7d.

### Income

The total income for the year was £58,647 15s. 1d. and exceeded the 1940 total by £5430 11s. 11d. Annual subscriptions show a slight decrease but, in general, the substantial increased help which was forthcoming as a result of the appeal in 1940 has been maintained. Donations show a welcome increase and the Board is grateful to the donors of special generous grants during the year. £22,244 7s. 6d. was the excellent total of the grants passed to the Infirmary funds by the Committee of the Huddersfield and District Hospitals Contributory Scheme during the year and in addition that Body has paid over the sum of £467 10s. 10d. in respect of payments made from other Contributory Schemes. Your Board records its grateful thanks to the Management and Officers of the Contributory Scheme for this sustained assistance.

The Ministry of Health grants totalled £13,746 14s. 9d., but of this £1,000 was payment in respect of certain protective works to the building undertaken during 1940. As previously mentioned £3,000 has been transferred to a reserve account to meet certain contingencies.

In spite of great difficulty in obtaining sufficient helpers, the annual Rose Day collections show an increase of £80 4s. 4d. over the previous year's receipts and great credit is due to those who so readily gave of their time to ensure a successful day.

The Proprietors of the Huddersfield " Examiner " and the Committee of the " Examiner " Inter-Club Tennis Tournament are sincerely thanked for the donation which resulted from the 1941 Tennis Tournament. Obstacles were met but surmounted and £97 was credited to our funds.

The generosity of two donors has enabled your Board to reorganise and bring more up to date the services in the Infirmary main kitchen. Colonel G. P. Norton and the Huddersfield Contributory Scheme have, between them, made it possible to equip the kitchen with Aga Cookers and additional steam boiling apparatus. In addition to the decreased maintenance and running costs of this installation, the Hospital is quite independent of outside services for the cooking of patients' meals. During war time this is a striking advantage. Your Board desires to record its gratitude to Colonel Norton and the Scheme Committee.

Legacies and Special Gifts have been credited during the year :—

#### **Expenditure.**

The total expenditure of £55,677 6s. 6d. is less than the 1940 figure by £98 19s. 6d. This is accounted for by the considerably reduced items of extraordinary expenditure in connection with air raid precautions which were met during the previous year and the costs of which have not yet been refunded by the Ministry. The ordinary expenditure amounting to £54,620 2s. 1d. exceeded the 1940 total by £3,085 15s. 7d. Although the average number of patients resident daily was lower than the previous year, standing

costs have risen to a marked degree. Also, towards the latter part of the year, your Board adopted a revised scale of salaries for Nursing Staff recommended by the British Hospitals Association and a greater increase in the salaries and wages section must be anticipated during the coming year.

Compulsory insurance of the contents of the Hospital under the War Damage Act has necessitated the outlay of £1,141 4s. 8d., but your Board is confident that subscribers to the Hospital would wish the full cover to be taken.

#### **Building and Extension Fund.**

The loan from the General Purposes Fund continues to be steadily liquidated year by year. During the year under review, subscriptions under deed of covenant and donations amounting, in all, to £4,759 10s. 7d., have been received leaving the outstanding debt of £18,472 17s. 9d.

#### **Private Patients' Department.**

During the year the average number of patients resident daily in the Private Patients' Department, Green Lea, was 14.87—a large increase over the figure for 1940. The following table shows briefly the work of the Department.

Number of available beds .....	19
Average number of patients resident daily .....	14.87
Number of patients at the beginning of the year	13
Number of admissions .....	332
Number of patients remaining at the end of year ....	16
Average number of days each patient was resident	16.5
Total number of operations performed .....	252

#### **THE LADIES' COMMITTEE.**

Cordial thanks are extended to the members of the Ladies' Committee and all their helpers for continued good work on behalf of the Hospital. It is highly gratifying to the Board that by the enthusiasm and efforts of the Ladies even better results have been achieved than previously. In addition to other items and comforts, a total of 381 garments was made by the Ladies during the year and this figure is striking testimony to the energies expended. It was expected, but nevertheless regrettable that the usual annual Egg Collection could not be held and the Hospital had to meet an expenditure of over £400 on this important item of diet.

#### **THE NURSING STAFF.**

In the Preliminary State Examination for 1941, 31 Nurses entered and 16 passed. Twenty-one Nurses entered for the Final State Examination and 13 passed. Medals for general efficiency following the Final Hospital Examination were awarded as follows :—

Gold Medallist—Nurse B. M. Baines.

Silver Medallist—Nurse L. C. Edgar.

Bronze Medallist—Nurse M. E. Porritt.

Senior Probationer B. E. Armitage was awarded the book prize.

The special prizes given by the Honorary Medical Staff for the best practical Nurse were awarded as follows :—

Senior Prize—Nurse L. C. Edgar.

Junior Prize—Senior Probationer B. E. Armitage.

During the year 22 Pupils were admitted to the Preliminary Training School, of whom 20 passed forward to take up their duties in the Wards.

Handicraft classes have been held towards the latter part of the year and greatly enjoyed, and Matron and her Staff wish to thank all those who during the year have entertained or otherwise contributed to the enjoyment of the Nurses.

### THE BOARD.

The following members retire in accordance with the Rules and the Board records its sincere thanks for the work which has been performed by those members on behalf of the Infirmary :—

Mrs. Tinker, Messrs. W. C. Crook, A. B. Hirst, A. P. Nichol,  
B. S. Willey and Sir H. Gordon Kaye.

The best thanks of the Board are offered to the Honorary Medical Staff, the Nursing Staff and the General Staff for the way in which they have so ably assisted in the administration of the Hospital.

LAWRENCE CROWTHER, President.

H. J. JOHNSON, General Supt. and Secretary.

### ALMONER'S REPORT, 1941.

During 1941 the Almoner has seen all the patients referred to her by the Medical and Nursing Staff for Convalescent treatment, Surgical appliances, Home Nursing or help with special diets. We have sent nearly all our patients requiring convalescence to Ilkley where they can rest quietly without fear of air raids. Some of the men, however, preferred to go to the coast in spite of the risk and they have gone to Woolton on the estuary of the Mersey, or else Silloth in Cumberland.

It has been found necessary to help several patients with the cost of bus fares to enable them to attend the Infirmary regularly for treatment, and also to provide a conveyance to take patients home from the ward when they could not afford to pay for a taxi or ambulance themselves.

Various societies for helping the dependants of ex-service and serving men of the Forces have given assistance to those of our patients who could not manage to get sufficient nourishing food or special diets out of their small incomes, and they have also helped some of our Maternity patients to get clothes for their babies. The National Society for Cancer Relief has given valuable assistance in providing extra comforts for people who are suffering from malignant disease.

Seventy-five Surgical Appliances have been provided this year at a total cost of £275 15s. 9d. The patients pay what they can manage towards the cost and the rest is raised from other sources. We have received grants towards the cost of these appliances from Approved Societies, Education Authorities, the Cripples' Guild, the British Legion, the Huddersfield and District Hospitals Contributory Scheme, the Soldiers, Sailors and Airmen's Families Association, and from the patients' Employers.

The Almoner wishes to thank all those who have helped in the social work of the Infirmary, and she will always be glad to give outside Agencies any help or information which may come within the province of her department.

## CONDITIONS.

---

**IN-PATIENTS.** Persons requiring treatment must attend the Out-patient Department, if able to do so, and consult a Member of the Honorary Medical Staff, who will, if necessary, make arrangements for admission. Those who are too ill or physically unable to carry out the foregoing arrangement should get their own Medical Adviser to communicate with the Resident Surgical Officer, who will arrange for admission if necessary.

**On no account** should patients arrive at the Hospital (except in the case of accident) without having been notified to do so.

**OUT-PATIENTS.** Out-patients must attend the Physician or Surgeon who first received them under his care, on the day of his attendance at the Hospital. Bottles or containers for the medicines or lotions are supplied by the Hospital at a small charge.

**ENQUIRIES.** Enquiries by telephone respecting In-patients should be made between 10 and 12 a.m. Not more than one enquiry should be made on any day, unless the Patient is notified as being in a critical condition. Telephone No. 2866.

**VISITORS.** Visiting days are :—Tuesday, 2-30 to 3-30 p.m. Saturday 2-30 to 3-30 p.m., Sunday 2-30 to 3-30 p.m. Only two friends are permitted at the bed-side at one time, and not more than four visitors on one visiting day. Visiting Cards are granted to relatives and must be produced when visiting.

**SPECIAL NOTICE.** The Hospital is entirely dependent on voluntary support, and the Board of Management strongly urges and invites Patients to contribute towards their maintenance and attention, such sums as they feel able to give. Such contributions, large or small, from those who can give assistance, are the means of helping others less fortunately situated to recover their health and strength. The right to refuse admission on financial grounds is reserved to the Board of Management.

**MASSAGE TREATMENT OR X-RAY EXAMINATIONS.** Treatment in these cases is provided on the recommendation of the Honorary Medical Staff, or in case of persons not being Hospital Patients, on payment of the small fees arranged. Information relating to these fees may be obtained from the Secretary or in the case of massage at the Orthopædic Clinic.

## PRIVILEGES OF SUBSCRIBERS AND DONORS.

---

**A**N Annual Subscription of two guineas or more shall qualify the subscriber to be a Governor during the period for which the subscription is paid.

The Clergyman or representative of any place of worship wherein a collection of not less than four guineas is taken for the Infirmary shall be a Governor for one year following payment.

A Corporate Body, Society, or other Collective Body subscribing not less than five guineas annually shall be entitled to nominate in writing a representative as a Governor during the period for which the subscription is paid.

A donor of forty guineas or more at one time shall be a Governor for life.

A Testator who shall bequeath a sum of at least one hundred pounds to the Infirmary may by his Will nominate some person to be a Governor for life from the date of payment of the legacy. In the absence of any such nomination the Executor or Executors may, with the approval of the Board of Management, nominate some person to be a Governor for life.

A Corporate Body, Society, or other Collective Body making a donation of one hundred pounds or more at one time shall be entitled to nominate in writing a representative to be a Governor for life.

All donors making a personal gift of five hundred pounds and upwards shall be Honorary Vice-Presidents for life.

A donor of one thousand pounds to the Infirmary's Endowment Fund shall have the right to affix a name to one of the beds for adults in perpetuity, and a donor of five hundred pounds to the same Fund shall have the right similarly to name a cot in the Children's Ward.

All the annual subscriptions are considered as becoming due on the first of January in each year at which time the current year commences.
